I. Policy

The Wellness Center exists in order to provide appropriate academic and recreational facilities for the use of the University's students, faculty, staff, and guests. A wholesome atmosphere is of a major concern to the users and management of the Center. Use of the Center is a privilege, not a right. Any person using the Center who exhibits conduct of a physical or verbal nature unbecoming of a member of the University Community may be asked to leave the Center. Incidents of a serious nature, as determined by the Director of Campus Recreation, may result in the offending person losing their Center privileges for a specified amount of time or on a permanent basis.
