Same Upstate Quality

When you enroll in one of our online programs, you'll receive the same academic quality and outstanding instruction that Upstate is known for with its traditional on-campus programs. Same curriculum, same expert faculty, same reputation for preparing you for the workplace or graduate school. You'll also receive the same mentoring and individual attention at USC Upstate, our faculty are invested in your success, and treat you as a person not a number.

A Wealth of Support

Are you new to online classes?   Are you wondering how the technology and online resources work? As an online student, you will have access to all the support you need, whether it's help with technology, completing and submitting assignments, or communicating with faculty and fellow students. You are part of the Spartan community, even if you aren't on campus.
