**An Evening With**

# **DR. MILLICENT E. BROWN**

## **Another Sojourner Looking for Truth**

Join us for a conversation with Dr. Millicent Brown, a lifelong community advocate and spokesperson for economic, social and educational improvements in impoverished neighborhoods and communities of color throughout the South, the nation and the world. Best known as the named plaintiff in the federal court case that, in 1963, forced the initial desegregation of public schools in South Carolina, her experiences as an activist range across years and well beyond her native state. Join us for insightful reflection on her search for freedom in a nation deeply mired in white supremacist beliefs and overt violence against people of color.
