

Office of the Chancellor

*Reach greater heights.*

Dear campus community,

I am pleased to share that on March 18, the University of South Carolina Board of Trustees approved our new strategic plan: Greater 2030. Over the last year, we have diligently worked to build out a strategic plan to guide us through the next six years.

This effort has been led by Dr. Pamela Steinke and Mr. Christopher Taylor, and has included input from a great many others: faculty, staff, students, alumni, industry and community leaders, system leaders, USC President Michael Amiridis, members of the Board of Trustees, and several other stakeholders. AASCU consultants Drs. John Jasinski and Mickey Burnim guided and facilitated the development of the strategic plan.

The next steps involve establishing the implementation teams. Their work will include setting key performance indicators, developing matrices, and determining funding requirements. Currently, we're building out the Greater 2030 website to house the strategic plan and provide updates on its goals.

Our plan is to officially launch Greater 2030 in September 2024. I look forward to sharing the entire plan with you soon.

Sincerely,

A handwritten signature in black ink, appearing to read "Bennie L. Harris".

Dr. Bennie L. Harris

Chancellor
