In this document, the University of South Carolina Upstate attempts to provide a comprehensive list of local resources for the treatment of alcohol and other drugs issues. However, alcohol and other drugs treatment resources change constantly, so there may be resources that are not included here. And while efforts have been made to ensure that the resources included in this document are current and legitimate, USC Upstate assumes no liability for and makes no guarantee about the services provided by any of these resources.

In addition to this Alcohol and Other Drugs Treatment Resources document, the University also provides an [Alcohol and Other Drugs Policy](#) document and an [Alcohol and Other Drugs Health Risks](#) document.
